**Nikoleta Koleva**

has successfully completed the online, non-credit Specialization

# **Generative AI Data Analyst**

This certificate recognizes the achievement of skills required to succeed as a Generative AI Data Analyst. Certificate holders have demonstrated the ability to use ChatGPT and generative AI tools to analyze data, automate tasks, and uncover insights across spreadsheets, databases, and unstructured documents. They have mastered prompt engineering, AI-driven data exploration, and storytelling—equipping them to thrive in modern data analysis roles powered by generative AI.

*Jules White*

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
